

ASU SkySong Affiliate Space Program

SkySong is a mixed-use development that serves the needs of companies at any stage of development

SkySong, the ASU Scottsdale Innovation Center, is home to a diverse business community that links technology, research, education and entrepreneurship to position ASU and Greater Phoenix as global leaders in the knowledge economy. There are more than 80 companies and several ASU units located at SkySong.

Located on the second and third floors of SkySong Building 1, the ASU SkySong Affiliate Space Program offers various space options, from drop in space for occasional use to premium offices for multiple executives, without long-term contracts. It is ideal for early-stage entrepreneurs as well as large businesses looking to set up a regional office and there is flexibility to grow your space needs as your company expands.

In addition to locating alongside a diverse portfolio of companies, including Fortune 100 multinationals such as Amazon, Dell and Oracle, SkySong Affiliates benefit from strong connections to Arizona State University, the nation's largest and most innovative university with a talent pool of more than 127,000 students and 500,000 alumni around the world.

The ASU Advantage

Arizona State University assumes fundamental responsibility for the economic, social, cultural and overall health of the communities it serves and aims to make the local communities throughout Greater Phoenix attractive places to live, work and play by connecting with private industry, local governments and community leaders to drive regional economic development.
